
KATHRYN HINKELMAN

July 2023

Contact Information

Department of Architectural Engineering
Sustainable Buildings and Societies Laboratory
Pennsylvania State University
University Park, PA 16802

khinkelman@psu.edu
[khinkelman.github.io](https://github.com/khinkelman)
[Google Scholar Profile](#)
ORCID: [0000-0002-8297-6036](#)
Former Surname: Van Lieshout

Education

Pennsylvania State University Jun 2023

Ph.D. in [Architectural Engineering](#)

Concentration in Mechanical | GPA: 4.0

Thesis: *Modelica modeling & ecosystem biomimicry of district energy systems*

University of California at Berkeley May 2015

M.S. in [Mechanical Engineering](#)

Concentration in Design | GPA: 4.0

Thesis: *Environmental impact and indoor environmental quality assessment of Pinoleville Pomo Nation demonstration home: An implementation of life cycle assessment and culturally-inspired design*

University of Denver Jun 2013

B.S. in [Mechanical Engineering](#)

Summa Cum Laude, Phi Beta Kappa, Departmental Distinction | GPA: 3.97

Thesis: *Intensity rankings of plyometric exercises using joint power absorption*

Appointments

Pennsylvania State University

[Postdoctoral Scholar](#), Sustainable Buildings and Societies Laboratory

[IBUILD Research Fellow](#), U.S. Department of Energy Building Technologies

Office, Sustainable Buildings and Societies Laboratory

Advisor: Dr. Wangda Zuo

Jul 2023 – Present

Jan 2022 – Jun 2023

University of Colorado Boulder

[IBUILD Research Fellow](#), U.S. Department of Energy Building Technologies

Office, Sustainable Buildings and Societies Laboratory

[Research Assistant](#), Sustainable Buildings and Societies Laboratory

[Teaching Assistant](#), Dept. of Civil, Environmental & Architectural Engineering

Advisor: Dr. Wangda Zuo

Aug 2021 – Dec 2021

May 2019 – Aug 2021

Aug 2018 – May 2019

Boulder Engineering Company

[Mechanical & Electrical Engineer](#)

[Mechanical Engineer](#)

Jul 2016 – Jul 2018

Jul 2015 – Jul 2016

University of California at Berkeley

[Research Assistant](#), Berkeley Energy & Sustainable Technologies Laboratory

[Teaching Assistant](#), Dept. of Mechanical Engineering

Advisor: Dr. Alice Agogino

Jan 2014 – May 2015

Aug 2013 – Jan 2014

Research Interests

Sustainable energy systems (cities, districts, buildings), thermal-fluid science, model-based systems engineering, equation-based modeling (Modelica), ecosystem biomimicry, human centered design, life cycle assessment, building controls, design thinking

Research Funding

National Science Foundation (NSF), Computer and Network Systems

EAGER: Collaborative Research: Modernizing Cities via Smart Garden Alleys with Application in Makassar City, **\$175,000**, Award No. CNS-2025459, 07/20-06/22, PI Wangda Zuo

- Contributed to full proposal writing and concept development at the equivalent level of a co-PI

U.S. Department of Energy (DOE), Advanced Manufacturing Office

Optimal Co-Design of Integrated Thermal-Electrical Networks and Control Systems for Grid-interactive Efficient District (GED) Energy Systems, **\$4,159,922**, Award No. DE-EE0009139, 06/20- 12/23, PI Wangda Zuo

- Contributed to full proposal writing and concept development at the equivalent level of a co-PI
- Coordination proposal requirements across academic (CU Boulder, RPI, UT Austin), national lab (LBNL, NREL), and industry (Amzur Technologies) team members

- T-15. "Leveraging life cycle assessment to evaluate environmental impacts of green cleaning products." *22nd CIRP Conference on Life Cycle Engineering*, Sydney, Australia, April 7-9, 2015.

Teaching Experience

Grader , University of Colorado Boulder AREN 4890: Sustainable Building Design	Fall '19, '20, '21
Teaching Assistant , University of Colorado Boulder AREN 4317: Architectural Engineering Design AREN 3540: Illumination I	Spring 2019 Fall 2018
Graduate Student Instructor , University of California, Berkeley ME 110: Intro to New Product Development ME 107: Mechanical Engineering Laboratory	Spring 2014 Fall 2013
Academic Tutor , Athletics and Recreation, University of Denver <ul style="list-style-type: none"> - Tutored students in Differential Equations, Calculus, and Engineering Concepts - Taught class material that was missed due to athletic travel 	Jan 2011 – Jun 2012

Select Research Projects

Biomimetic Integrated Community Energy and Power System (BICEPS) Sponsored by DOE IBUILD Graduate Research Fellowship <ul style="list-style-type: none"> - Leveraged biomimicry of mature natural ecosystems to design and control interconnected energy systems 	Aug 2021 – Jul 2023
Support for District Energy Simulation with Modelica Collaboration with the NREL and LBNL <ul style="list-style-type: none"> - Created a new software analysis platform with the Modelica language to enable developers of community-scale construction projects to effectively evaluate and optimize district heating and cooling systems 	Jan 2019 – Aug 2021
Assessing Sustainability of Homes with the Pinoleville Pomo Nation M.S. Project, Committee Alice Agogino and Daniel Kammen, UC Berkeley <ul style="list-style-type: none"> - Designed a culturally inspired indoor environmental quality monitoring tool for tribal residents - Developed and tested the mechanical, electrical, and software systems for the PV-powered sensors 	Oct 2013 – May 2015

- Evaluated the life cycle impacts of the home with geothermal heat pumps and grid-tied PV system

Retrofitting Commercial Buildings with Smart Lighting Systems

Sponsored by the California Energy Commission, UC Berkeley

Jan 2014 –
Oct 2014

- Computed potential energy savings from using a smart lighting system for demand response
- Performed an LCA of the smart lighting sensors and assessed the effective environmental payback

Honors and Awards

IBUILD Graduate Research Fellowship, \$164,000 total, 2 years <i>U.S. Department of Energy, Energy Efficiency and Renewable Energy, Building Technologies Office</i> <i>Managed by Oak Ridge National Laboratory</i>	2021-2023
Borda Graduate Scholarship in Honor of Gifford H. Albright, Pennsylvania State University	2022
Gordon D. Kissinger Graduate Research Fellowship, Pennsylvania State University	2022
Harvey and Geraldine Brush Graduate Fellowship in Engineering, Pennsylvania State University	2022
Marlene & Joseph Borda Architectural Engineering Graduates Fellowship, Pennsylvania State University	2022
P.E.O. Scholar Award, \$20,000 international merit-based award	2021
International Building Performance Simulation Association (IBPSA) Project 1 Scholarship Recipient	2019
The Link Foundation Energy Fellowship Program Honorable Mention	2019
Colorado Engineering Council Silver Medal & Certificate of Merit	2013
Pioneer Award “ <i>The highest honor given to undergraduate students” at the University of Denver</i> ”	2013
Mechanical Engineering Departmental Distinction, University of Denver	2013
Taylor Achievement Award, Ortho Transmission, LLC	2013
Hornbeck Scholar (7 quarters), University of Denver	2010-2013
Dean’s List (8 quarters), University of Denver	2010-2013
A University of Denver Scholar-Athlete of the Year (4 years)	2009-2013
NSCAA Scholar All-West Region Team	2012
Second Team All-WAC Selection	2012
Academic All-American First Team, Division I Women’s Soccer	2011
Preseason All-Sun Belt Conference Team	2011
Sun Belt Conference Commissioner’s List (all 3 seasons)	2009-2011
SBC All-Conference First Team	2019
DU Invitational All-Tournament Team	2009
CS360's Primetime Performers of the Week (9/15)	2009

Professional Associations

ASHRAE: American Society of Heating, Refrigerating and Air-Conditioning Engineers	2017 – Present
IBPSA: International Building Performance Simulation Association	2019 – Present
ASEE: American Society of Engineering Education	2022 – Present
ASCE: American Society of Civil Engineers	2023 – Present

Service & Leadership**Conference Chair**

Aug 2019

Intelligent Building Operations Workshop, University of Colorado Boulder

- Session chair for Modeling and Assessment Tools

Publication Reviewer

- Journal of Building Performance Simulation
- Energies
- IEEE Transactions on Smart Grid
- IEEE Access
- International Conference on Building Energy and Environment (COBEE)
- Building Simulation Conference

Collegiate Athlete

Aug 2009 – Nov 2012

Division I Women's Soccer Team, University of Denver

- Balanced intensive athletic duties of regular practice, games, and travel with a difficult course load
- Regular starter and leader to the team, finishing 22nd in the nation in senior season
